These workshops consist of training in the following areas:

1. Students develop thinking skills as they learn to:
  - Develop vision
  - Examine current events
  - Analyze and interpret literature
  - Bring literature to life to communicate a message
  - Use logic and support to persuade audiences
  - Look at all sides of an issue with a logical perspective
  - Listen to others
  - Analyze an audience
  - Learn to communicate with audience members who are different from themselves
  
2. Students develop public speaking skills as they practice ways to:
  - Command the public platform
  - Defend ideas when challenged
  - Use vocal and physical expression to get a point across
  - Speak on the spot
  - Delight audiences
  - Address controversial topics with grace
  - Respond to questions and speak confidently about the Christian faith
  - Speak informatively on a subject
  - Practice organizational skills
  
3. Students learn to connect with an audience as they:
  - Overcome self-consciousness
  - Improve interview skills for jobs and college applications
  - Become a successful student leader
  - Network with other schools and students with similar goals
  - Learn how to find and create community platforms to impact the community
  - Become cultural communicators
